

# Château Moulinet

## 2020

Château Moulinet, located in the Pomerol appellation, a prestigious region on the right bank of Bordeaux, is one of the oldest vineyards in the area, with a history dating back to the Middle Ages. The vineyard is fully hand-harvested. While respecting traditional winemaking techniques, it strives for perfection and was one of the pioneers in Bordeaux to experiment with 'whole bunch fermentation'. Standing out among over 10,000 wineries in Bordeaux, it has become a shining gem in the region!

### AOC Pomerol

Soil : Sandy-gravel

Vineyard: 17 hectares

**92**

Alexandre MA: 92pts

"Château Moulinet 2020 carries the delicateness rarely seen in hot vintages, and it sends out a hint of tea stem-like freshness. As a wine made from sandy soil, it properly demonstrates the approachable style of the terroir with a juicy and delicious palate.

Compared to previous vintages, 2020 is bestowed with a leisure fragrance of violet and more delicate tannins. Ideal for drinking with just 2 or 3 years of aging."

James Suckling: 91-92 pts
