

Château Moulinet

2013

Château Moulinet, located in the Pomerol appellation, a prestigious region on the right bank of Bordeaux, is one of the oldest vineyards in the area, with a history dating back to the Middle Ages. The vineyard is fully hand-harvested. While respecting traditional winemaking techniques, it strives for perfection and was one of the pioneers in Bordeaux to experiment with 'whole bunch fermentation'. Standing out among over 10,000 wineries in Bordeaux, it has become a shining gem in the region!
