

# Château Moulinet

## 2018

Château Moulinet, located in the Pomerol appellation, a prestigious region on the right bank of Bordeaux, is one of the oldest vineyards in the area, with a history dating back to the Middle Ages. The vineyard is fully hand-harvested. While respecting traditional winemaking techniques, it strives for perfection and was one of the pioneers in Bordeaux to experiment with 'whole bunch fermentation'. Standing out among over 10,000 wineries in Bordeaux, it has become a shining gem in the region!

Tasting Notes:

This is a meticulously crafted wine with an exceptional depth of flavors and no astringency. The rich concentration of black fruits exudes a bright aroma, and the oak nuances are skillfully integrated. The palate is refined and smooth, with a refreshing and non-drying acidity, leading to a long-lasting finish. It possesses excellent control and perfect structure, making it suitable for extended aging. A classic vintage, crafted with precision and remarkable elegance.
